

LARRY STEVENSON

“The Bearded Black Cowboy”

Intensive – Combative Pistol/Rifle Event

Dates: 19th & 20th of October 2019
Training time: 9:00 am to 5:00 pm both days
Class Cost: \$500.00
Register at: <https://www.3dmatd.com/events/ga-intensive-combative-pistol-rifle>

Intensive - Combative Pistol/Rifle Skills is a comprehensive two-day work-out of the essentials involved in self-defense with a handgun, and rifle. Topics covered include presentation from the concealed carry holster; accurate shooting at high speed; fast, reliable reloading techniques; unorthodox drawing techniques from the holster; weapon retention and access under stress and duress, malfunction remedies, unique hand-to-hand combat techniques in close quarter combat situations and much more.

Please note *This is an intensive 2 day course that covers all of the essential skills involved in fighting, and fighting with a weapon. Topics covered in this course will include:

- Rapid presentation from concealed carry
- Effective gun handling techniques, designed to work under stress
- Stress induced duress through depletion of endurance
- High speed accuracy at close ranges
- Precision shooting at mid-ranges
- Shooting effectively with one hand, with either hand under duress and with impaired vision
- Fixing malfunctions rapidly and reliably
- Proper defensive mindset, personal tactics, and more.

Expect to fire about 800-1,000 rounds (500 handgun/500 rifle) of ammunition. This course is designed expressly for the armed citizen who carries a concealed handgun, the plain clothes or off duty police officer, and the uniformed officer or military operator who carryout high risk tasks.
